HORIZON
HEALTH SERVICES

Since 1987, Horizon Health Services has provided a comprehensive range of diagnostic and treatment services to residents of Erie and Niagara Counties. The doctors, nurses, therapists, other healthcare professionals and support staff at our Medical Services clinics are dedicated to delivering these services in a compassionate and comfortable environment for anyone seeking medical assistance.

Supervised by a physician, our Medical Services facilities are staffed by nurse practitioners and registered nurses who treat a variety of chronic and acute medical conditions, including hypertension, diabetes, colds and flu.

Horizon's Medical Services accepts Medicaid and most other insurance plans.

A holistic approach benefits you.

Stress, depression, chemical abuse or other issues can significantly affect your overall health. Horizon recognizes that wellness requires health in mind and body, which is why we offer medical services in addition to mental health and addiction counseling to Erie and Niagara County residents. *You do not need to have a mental health disorder or an addiction to utilize our Medical Services locations.*

At Horizon's Medical Services clinics, we provide:

Person-centered Care We partner with you to provide services centered on your unique health needs and wellness goals.

Quality Everyone at Horizon is committed to the highest level of quality service and care.

Health and Wellness We value and encourage health and wellness as being important to optimizing all of your capabilities.

A spectrum of medical services.

Certified by the New York State Department of Health, Horizon's Medical Services provides:

- Primary medical care
- Physical examinations, including associated assessments and studies
- Medication administration
- Consultation to Horizon's mental health and chemical dependency staff
- Referral for medical specialty services
- Buprenorphine medication as an adjunct to treatment for opiate addiction.
